Civil Service Revision for County Studied

Submission to the voters in the Nov. 2 General Election of a charter amendment to streamline County Civil Service procedures was proposed Tuesday by the County Civil Service Commission.

Containing four proposals, the amendment would (1) permit the Commission to extend probationary periods so that employees may be fully trained before being placed on a permanent status; (2) delegate Commission hearing responsibilities to a hearing board which would have recommending powers to the Commission; (3) extend certain rights to all war veterans now limited to only World War II veterans; (4) blanketing in other jurisdictions whose jobs may be transferred to county government.

The proposal was taken under advisement by the Board of Supervisors.

PV School Bonds Sold

California Bank Tuesday purchased \$50,000 worth of Palos Verdes School District Bonds, at a sale of securities before the County Board of Supervisors.

The firm offered an interest rate of 2 1/2 per cent and payment of a \$329 premium. According to County Supervisor Burton W. Chase, payment of premium will reduce the interest to a net of 2.30 per cent.

Funds realized from the sale of the bonds will be used for ground improvements and other items for the Dapplegray School and also for planning of future schools, Palos Verdes School officials said.
